

VILLAGE DEVELOPMENT PROJECT

The society has been involved in village development programme with other two

organizations Gyanodaya Charitable Trust and SAHYOG. It has identified the requirements of the people of the village and has decided to intervene under leadership of GCT in transforming the environment of the village and make a positive difference to the lives of the people. Partners undertook focused work in these two villages, motivating the villagers, and encouraged their people to join hands in upliftment of the village, make use of government schemes and ask for their entitlements. Two pronged strategy is being canvassed and implemented in this entire village first Infrastructural initiatives and secondly Social mobilization initiatives. In the first head, Proposal of School, AWW Centres, Repair of AWC, Filling up post of AWW, Queue Shelter, Major Repair of Health Sub Centre, Internal Streets, Waste Water Channel, Shamshan Bhoomi Sheds, Three ponds retaining walls with cow ghat, Firni etc. some proposals were sent and some were sanctioned and under implementation process.

When we talk about social mobilization : running of Roadways bus, home delivery of cooking gas in village, meeting of early pregnancy registration, institutional delivery,

ANC, Birth registration, nutrition to PW & BF mothers, Self Help Group Formation and their nurturing, Mobilization of SMSs, Motivation for IHHL construction, Hand washing habit, cash prize to 10th, 11th & 12th winner students, Farmer's awareness camp, distribution of solar lanterns, Training on Beautician & Dress Making, Pulse Polio Campaign, Awareness Rally on Education, Health & Sanitation, Days observance, Voluntary Blood Donation Camp, Mega Health Mela etc. were the main activities which were undertaken.

Ultimately, the village is proposed to be transformed into a model village which can then help in starting a movement to improve other rural areas also.
